

WITH MAO TSETUNG THOUGHT IN ITS HANDS, THE AMERICAN WORKING CLASS WILL BE INVINCIBLE!

COMRADE JACK AILEY RETURNS FROM JAIL TO RAISE RED FLAG AT PLACE OF WORK!

Cleveland, Dec. 2 -- "IT IS INFINITE JOY TO PUT ONESELF AGAINST HEAVEN AND EARTH!" This is the communist spirit of Comrade Jack Ailey covered with bruises from Monday's fight with the fascist police. Comrade Jack calmly walked back to the scene of battle at University Hospitals. Laughing in the face of all sorts of fascist armed roons and the threats of flunkey administrators, Comrade Jack boldly held high the red flag, marched into the cafeteria, stood in front of a large number of workers, medical staff, secretaries, technicians and visitors and declared:

"THIS IS A REVOLUTIONARY MEETING STOPPED ON MONDAY! IT IS CALLED TO DISCUSS OUR MOST FUNDAMENTAL RIGHT, OUR RIGHT TO OVERTHROW OUR OPPRESSORS. IT IS CALLED TO DEFEY ALL FASCIST RULES AND REGULATIONS THAT STOP US FROM MAKING REVOLUTION, WHICH FLUNKIES DARE STOP US?"

The dogs making up the "protective services", administration and Cleveland police were so frenzied that it took them several minutes to group their forces, and in a cowardly manner jump Comrade Jack from behind. Even then it took ten fascists to kidnap him. It is this fighting spirit that rallied

the broad masses around the red flag and led them in a mass democracy at the place of work! It is this fighting spirit that smashes through all cowardly lines of crying about loss of civil liberties, or moaning that "the fascists are too strong, we must go underground and hide." It is this fighting spirit that led a great festival of the masses in denouncing in broad daylight the sacred cows of the bourgeoisie. It truly is an infinite joy!

For a long time now, Comrade Jack has incurred the deep hatred of the University Hospital administrators

and their goon squad and deep respect from his fellow workers because of his perseverance in disseminating Mao Tsetung Thought. Last week the administration told Comrade Jack that he must stop all distribution of PEOPLE'S AMERICA DAILY NEWS. Defiantly, Comrade Jack issued hundreds of copies of a leaflet informing the administration that he would never stop organizing for revolution. Trying to intimidate him further they threatened to fire him. Immediately Comrade Jack replied with a call for a mass democracy in the cafeteria, daring the fascist administrator Graves to come

to explain his crimes in front of the masses. Graves could reply in no other way than to have Comrade Jack fascistically attacked and arrested. After being bailed out of jail, Comrade Jack returned to the hospital to begin a whisper campaign saying he would appear in the hospital cafeteria on Wednesday to lead a mass democracy.

Today Comrade Jack held high the bright red banner of Mao Tsetung Thought and carried off the mass democracy right under the noses of the fascist police and security administrator Graves to come

Comrade Michele Shubert Continues Unflinching Struggle in the Courts

Detroit, Dec. 1 -- Comrade Michele Shubert is standing firm! Despite the desperate efforts of the monopoly capitalists to prevent the dissemination of Mao Tsetung Thought among the Detroit workers by arbitrary arrests and jailings of herself and her close comrade Sarah Herrink, Comrade Michele continues to refuse to cooperate with the fascist courts, maintaining a militant hunger strike and denouncing the lackey judge.

Arrested on Nov. 29 while selling PEOPLE'S AMERICA DAILY NEWS on a street corner, Comrade Michele knocked the glasses off one fascist dog and bloodied another's nose. In court on Sunday morning, the lackey judge told her: "You haven't been fingerprinted yet. You can stay in jail till you rot!" Expressing the deepest class hatred, our comrade replied: "you are a nazi judge and you will be hung by the people!"

On Tuesday, this same lackey brought our comrade back to court for arraignment. He arrogantly asked, "Don't you have a name?" Comrade Michele answered with contempt: "I have no reason to give it to you. You're violating my democratic rights!" She pointed out that the fascist police had arrested her because she was disseminating Mao Tsetung Thought to the working class, especially the auto workers, and discussing how to overthrow fascist Nixon. In conclusion, Comrade Michele declared: "I will not enter a plea to this 'nazi court!' His arrogance punctured by her lack of any fear, the lackey judge entered a plea of "not guilty" for her. Operating under the fascist theory that those who refuse to abandon the proletariat must be "crazy", he had her sent to the Wayne County Psychiatric Clinic to await trial.

The monopoly capitalists

know that the workers are ready to fight and lack only revolutionary theory and communist leadership. This is why the bourgeoisie so frantically threatens, arrests and "tries" the communists and revolutionary youth. But the reactionaries are "LIFTING A ROCK ONLY TO DROP IT ON THEIR OWN FEET" because the revolutionary people consider it the greatest honor to go to jail for the cause of the working class. The monopoly capitalists are digging their own graves because the greater the repression, the greater the resistance.

While the holy alliance of the so-called "left", in-

BLACK COMMUNIST YOUTH ON 12TH DAY OF HUNGER STRIKE IN JAIL!

Des Moines, Dec. 2 -- Comrades Charles Knox and Clive De Patten, two militant members of Black Revolutionary Communist Youth, reached the 12th day of a revolutionary hunger strike today. They declared the strike on Nov. 22 in a press release condemning the brutal assassination of 14-year-old Clarence Jackson of Des Moines by the fascist police.

The two young comrades have been leading a powerful struggle for the right to disseminate Mao Tsetung Thought to the Black people and other oppressed people in Iowa. Their press release stated in part:

"PRESS RELEASE. SUBJECT: HUNGER STRIKE. A PROTEST AGAINST THIS GROWING FASCISM AND TO INTENSIFY THE STRUGGLE ON ALL LEVELS. Today, Thurs-

day, Nov. 19, we, Charles Knox and Clive DePatten, will begin a relentless hunger strike protesting the unjust, brutal murder of Clarence Jackson, age 14, by the fascist lackey police (pigs), William Hansen, age 22, and William Ironbull, age 23, and the unjust jailings of four Des Moines anti-fascist fighters, Mary Rhem, Steve Greene, Charles Knox and Clive DePatten for upholding the people's right to rebel against fascism in any shape, fashion or form, including the lackey courts who enforce the fascist laws. These anti-fascist fighters are serving jail terms for "contempt of court": Clive DePatten, one year (six months in Folk County jail in Des Moines and six months in

Workers Support Uncompromising Stand in Fascist Courts and Jails

Detroit, Nov. 24 -- After her release from jail by the fascist authorities, who were frightened by her unyielding stand and her 10 day hunger strike, Comrade Sarah Herrink returned to the factory gates to sum up experience with the workers on how to resist the fascist courts and jails.

In discussion at the Ford River Rouge plant Comrade Sarah pointed out that it is revolutionary violence which the reactionaries are most afraid of and that it is only by using revolutionary violence that we can defeat the fascist powers in this

country. Completely refusing to cooperate with the prison authorities and answering the police violence tit-for-tat encourages the people to fight and drives the reactionaries into an impotent frenzy. She pointed out that inside a jail or outside the fascist jails, we have no choice but to fight with all our hearts. The people have deep hatred for the fascists and are rising up more fiercely every day.

Many workers enthusiastically pointed out that this was perfectly correct. "We

Toronto, November 25, (PCDN)

On November 14th three young revolutionaries stood under the red flag of the working and oppressed people at the corner of Bloor and Bathurst Streets in Toronto, selling the counter-revolutionary campaign to stop the dissemination of anti-imperialist literature, and especially of Mao Tsetung Thought, the U.S.-lackey Toronto Police from station 14 attacked and arbitrarily arrested the three revolutionary youth.

Heavily populated with national minority people - Italians, Chinese, West Indian, Greek and Portuguese - the people in this area know from long and bitter experience the racist and fascist nature of the Toronto police. They therefore welcomed the return of true revolutionary struggle to the area and praised the sellers for fighting in the defence of their democratic rights. The only complaint of the masses was that the fascists had not been punished enough.

After the fascist arrests a bold leaflet and statement appeared. It warned the re-

actionary police of the consequences of the anti-people activities and it warned certain East European scam collaborators in the area of the fate that awaits them for their activities. The statement called for revolutionary self-defence in the face of counter-revolutionary aggression.

All during this time some well-meaning but misguided people issued dire warnings on the power of the fascist police and of the weakness of the people. They said that the revolutionary youth should not be "adventurist" and should "take it easy". There was, they muttered, too much "spirit of self-sacrifice". The anti-imperialist youth pointed out that Chairman Mao, the leader of the world's revolutionary people, has said that imperialism and its dogs are rotting with every passing day while the people are getting stronger and that revolution is the main trend in the world today. Fearing neither hardship nor death, the revolutionary people criticized the Doubting Thomases for their line and then criticized themselves for not having done half as much as possible in the service of the people.

On November 21, once again the red banner flew bravely in the wind at Bloor and Bathurst Streets and People's Canada Daily News, Issue 37 reached the hands of the people. Arriving on schedule like mad bulls, the police jumped out of their cars and attempted to charge the red flag, only to be met with resolute determination and a solid wall of the broad masses ready to take revolutionary action. Five more carloads of police arrived like cockroaches out of the workshed but they were powerless to arrest the sellers in view of the hundreds of the broad masses who came forward to support the sellers.

Several fascists who had been shouting from the sidewalks snuck back into the holes and didn't come out for the rest of the day. Numerous workers stood conspicuously close to the sellers, ready to defend their heroic fight and even a group of small children which the police could not frighten all waved copies of PCDN under the noses of the police and called them "cowards dogs".

Mass Democracy among Minority Workers Defeats Police in Toronto

OPPOSE FASCIST VIOLENCE WITH REVOLUTIONARY VIOLENCE !

SEVERAL PROGRESSIVE YOUTH REPLY TO THE COUNTER-REVOLUTIONARY VIOLENCE OF THE MONOPOLY CAPITALISTS WITH REVOLUTIONARY VIOLENCE OF THE PROLETARIAT AND OPPRESSED PEOPLE. ON DEC. 1, THE HITLERITE FASCIST KY, NOTORIOUS TRAITOR TO THE VIETNAMESE PEOPLE, SPOKE IN SAN FRANCISCO. 3,500 OF THE REVOLUTIONARY MASSES ROSE UP TO DENOUNCE HIM AND FIGHT VALIANTLY WITH THE 350 FASCIST POLICE CALLED OUT TO PROTECT THIS ADMITTED NAZI.

ALBANIA

(Cont. from p. 4)

The mass line is being practised in depth in the work of the state and the party. Great achievements have been made in the spheres of art, literature and culture.

Under the leadership of the party, the various departments of Albanian put forward a series of revolutionary proposals and carried them out, and constantly launched the movement of doing shock work with concentrated efforts. This helps deepen the socialist revolution, consolidate the dictatorship of the proletariat, increase production and strengthen national defence capabilities.

The great successes won in the election of the people's assembly and organs of local political power on September 20 show that today, the unity between the party and the people is stronger than ever.

The fourth five-year plan was fulfilled six months ahead of schedule. At present, the labouring masses on the industrial and agricultural fronts are discussing and formulating the fifth five-year plan which will enable our country to make still greater progress in various fields.

Electrification in the cities and villages throughout the country was accomplished on October 25 this year. Thus Albania has become one of the first countries in the world to have electric light for peasant households both on the plains and in the mountain areas.

All these achievements made by Albania owe to the selfless labour of our working masses and the implementation of the principle of self-reliance.

Albania gets tremendous and generous internationalist aid from her great and faithful friend - the People's Republic of China. Not long ago, our two countries signed a number of agreements. According to these agreements, China will provide Albania with a big, new and selfless loan to help further develop the economy and culture of our country.

Dear Chinese comrades and friends, the aid you have rendered us constitutes an important factor in Albania's victory in building socialism. The Albanian party, government and people will be forever grateful to the generous Chinese people, the Communist Party of China and the government of the People's Republic of China and to Chairman Mao Tsetung, the closest friend of our party and people and the great Marxist-Leninist, for this tremendous aid.

Dear comrades, At present, an irresistible upsurge in revolution and production is emerging in the great People's China. The Chinese communists and the hundreds of millions of Chi-

nese revolutionary people, tempered in the storms of the Great Proletarian Cultural Revolution and armed with the thought of Chairman Mao Tsetung and the resolutions of the Ninth Congress of the Chinese Communist Party, have won brilliant victories.

Following Chairman Mao Tsetung's teachings "GRASP REVOLUTION, PROMOTE PRODUCTION" and "BE PREPARED AGAINST NATURAL DISASTERS, AND DO EVERYTHING FOR THE PEOPLE", factories, people's communes, organs of culture and education, the army and militia are launching the struggle-criticism-transformation movement with success.

The commune of the Second Plenary Session of the Ninth Central Committee of the Communist Party of China reflected the brilliant achievements scored since the Ninth Congress and opened a new and brighter vista for the prosperity of the country.

Today, an unprecedented upsurge in the study of the works of Chairman Mao Tsetung and in the study of philosophy has victoriously emerged throughout China.

The principle of self-reliance has become an important factor in the development and progress in China. With the workers at Taching as its example, China's working class has successfully launched the mass movement for technical innovations and made a series of achievements in the course of developing and modernizing industry. Taking Tachai as their example, the labouring peasants won a rich harvest this year. Holding high the red banner of the thought of Chairman Mao Tsetung, the Chinese People's Liberation Army is an armed force cherished by the people, and is the reliable protector of the dictatorship of the proletariat and of the frontier of the People's China from being invaded. In order to educate the younger generation, great efforts have been made to do ideological work so as to help them become capable successors to the revolution and to have the red banner of the invincible Marxist-Leninist thought of Chairman Mao Tsetung ever flying triumphantly over China.

The high-spirited and mammoth parade on October 1 was a review of all victories achieved by China.

Dear Comrades, The current international situation is developing in the direction favourable to the people of various countries and revolution.

Imperialists are suffering bigger defeats before the onslaught of the people of various countries in their struggles for national independence, freedom and their own rights. The heroic people of Viet Nam, Laos and

Cambodia, and the valiant Palestinian people and other Arab peoples are dealing fresh blows at imperialism and its lackeys. U.S. imperialism and Soviet social-imperialism -- the two super powers -- who are afraid of the armed struggles of the revolutionary people of various countries and beset with troubles at home and abroad, are trying desperately to extricate themselves from this dilemma so as to realize their counter-revolutionary global strategy of re-dividing the world and of world hegemony.

In this situation, the great China, which flies the red banner of invincible Marxism-Leninism and Chairman Mao's revolutionary thought and has a population of more than 700 million people, is playing a great historic and decisive role in waging and supporting the struggle against imperialism and modern revisionism. China has now become a very important factor in supporting the world revolution.

Dear Comrades, The great, fraternal and unbreakable friendship links the peoples of China and Albania, our two Marxist-Leninist parties socialist countries together. This militant friendship and unity strike deep root among our two peoples and are built on the basis of the immortal principles of Marxism-Leninism and proletarian internationalism and forged and tempered by our two Marxist-Leninist parties and our leaders Chairman Mao Tsetung and Comrade Enver Hoxha. Our friendship has been further strengthened in the common struggle to build socialism in our two countries and in the struggle against imperialism and modern revisionism and for the world-wide victory of Marxism-Leninism, socialism and communism.

Comrade Enver Hoxha has said: "China, the great and respectably of socialist Albania; is ever more strengthening and tempering herself with every passing day, just as our great friendship is being tempered. China and Albania are two friendly and fraternal countries and there is no force in the world that can separate them."

"Those who touch Albania, have touched China; those who touch China, have touched Albania. We are bound by the same ideals, the same aims, the common struggle against the same enemies, by socialism, communism and Marxism-Leninism."

Socialist China and socialist Albania will always advance hand in hand in their socialist construction, just as Chairman Mao Tsetung has pointed out: "OUR TWO PARTIES AND OUR TWO PEOPLES WILL ALWAYS BE UNITED, WILL ALWAYS FIGHT TOGETHER AND BE VICTORIOUS TOGETHER."

VIETNAMESE PAPER SUPPORTS GUINEAN ANTI-IMPERIALIST STRUGGLE

Hanoi, November 26 (Hsinhua) - The Vietnamese paper "Nhan Dan" carried an editorial today warmly praising the Guinean people and army for smashing the mean attack by the U.S. imperialists and their lackeys.

The editorial said that Africa is an important target of the neo-colonialist policy of various aggressive NATO members headed by the U.S. imperialists. Africa holds a very important position in the U.S. imperialist global strategy of aggression. In his report on "U.S. foreign policy of the 1970's" made at the beginning of this year, Nixon declared that the United States will not interfere in the internal affairs of the African countries but let them settle their own affairs independently. These statements are out-and-out lies, same as his talks about the so-called peaceful good-will on the Indo-China and Middle East questions. In fact, the U.S. imperialists and their partners have colluded under various pretexts with the reactionary forces in the African countries to sabotage the independence of these countries.

The editorial said that under the leadership of President Sékou Touré, the Guinean people have over the past 12 years achieved consecutive successes in defending and consolidating their national independence and building their country, and have pursued a positive neutralist foreign policy, supporting the Vietnamese people in their war against U.S. aggression and for national salvation and the national liberation movement in Africa and the world, and developing their friendly relations with the socialist countries.

Harbouring hatred for the achievements scored by the staunch people of the Republic of Guinea who are resolutely pursuing the line of national independence, and being afraid of the inspiring influence of Guinea on the African people, U.S. imperialism and its lackeys have resorted many times to low-

down schemes in an attempt to liquidate her independence.

The piratic attacks on Conakry by imperialism, it went on, have strengthened the solidarity of the people of African countries. Many heads of state and government of African countries have issued statements expressing thorough support for the valiant struggle of the Guinean people. Many countries declared that they are ready to send troops at any time to fight shoulder to shoulder with the people of the Republic of Guinea and demanded an emergency meeting of the Organization of African Unity to discuss measures for smashing imperialist aggression.

The editorial pointed out that the piratic attack of imperialism headed by the United States on the Republic of Guinea is a flagrant provocation against the people of Asia, Africa and Latin America and all people in the world who love peace and national independence. The attack on Conakry by U.S. imperialist mercenaries and the most flagrant war action taken by U.S. imperialism against the Democratic Republic of Viet Nam show that, in face of the high tide of the revolutionary offensive of the people of various countries, U.S. imperialism and its running dogs have become more frantic and adventurous daily and are carrying out unscrupulously their scheme of intensified aggression.

The people and army of the Republic of Guinea have smashed the low-down attack by imperialism, dealing a heavy blow to the imperialist scheme of aggression against Africa, setting an example of high vigilance and courageous fighting and contributing to inspiring the people of various countries in their struggle for winning and defending independence.

The Vietnamese people warmly congratulate and hail the fraternal Guinean people on their excellent military exploits, the editorial concluded.

COMRADE JACK (from pg. 1)
guards. Repeatedly they asked him to leave, and leave peacefully at this! Comrade Jack replied: "I am not going to leave peacefully! I am not going to leave at all!" Going into a frenzy, ten police jumped, handcuffed and beat him in front of the broadcast who came forward to denounce this fascist atrocity loudly!

A number of doctors said that the police attack was a cowardly act, where they did not even give a chance to fight back. The workers were the most indignant of all. One pointed out that Jack had to take the stand he did: "After a man is pushed around a lot, he can do nothing but fight back, even against all odds. He has to fight for his dignity. Another worker pointed out that there were a number of fascist attacks on the workers at the hospital citing Jack's case, and that of Larry Williams, a Black worker who was fired for beating a racist security guard who had made racist statements to his wife. The worker said, "If these unprovoked attacks continue, all us workers together will jump in and look after our brothers." A young orderly said that "Jack's brave fight proves that the pigs are frightened and weak. It took 10 pigs to bring him down. Just think what will happen next time when we have five guys fighting them!"

Many workers vowed not to let the administration forget about their attack and dismissal of Comrade Jack Alley. After the militant struggle in the cafeteria, angry knots of workers could be found in many parts of the hospital. They were talking about the need to defile all the arbitrary rules in the hospital. When one person suggested that Comrade Jack's case and other cases should be fought in a legal manner, other workers sneered. One worker said "Legality is whatever the hospital administration wants it to be. Anything that serves their purpose, like harassing workers, is called 'legal'."

Workers can't have anything to do with it. We must take things into our own hands." Also, the workers pointed out the need for revolutionary organization. Several said they were not afraid of being fired, but they would fight only if they knew that there was an organization to hit back hard at the administrators and police. Many workers related stories showing the administration and the police are fools and are actually quite weak, while it is the workers are strong and wise.

Never before in the U.S. has the red flag of revolution been raised at the place of work! Never before has mass democratic struggle been carried out so vigorously at the place of work! Communist fighters disseminating Mao Tse Tung Thought definitely release the revolutionary initiative of the broad masses! The struggle of Comrade Jack is a new spark in the anti-fascist resistance movement. Comrade Jack, we will follow your example, persevere in the wide-scale dissemination of Mao Tse Tung Thought even in the face of attack, and rally the American working class and people around the red flag of revolution!

COMRADE MICHELLE (from pg. 1)

cluding a large horde of union hacks, is running around trying to prevent the workers from advancing their struggles from economic to political, from unorganized to organized, from reform to revolution, young communists like Comrade Michelle Shubert are bringing the revolutionary theory of our era directly to the workers and are fighting for the fundamental democratic right to disseminate it and plan how to overthrow the criminal rule of the monopoly capitalists. With Mao Tse Tung Thought in its hands, the American working class is invincible!

IOWA (Cont. from pg.1)

Story County Jail in Nevada, Iowa; Charles Knox, serving a total of one year in Polk County, plus a \$500 fine; Mary Rhen, serving three months in Rockwell Women's Penitentiary, Steve Greene, serving six months in Polk County Jail. We further protest the hideous conditions in the Polk County Jail...!

The press release declared that the press are on strike in solidarity with all political prisoners in fascist America, especially Angela Davis, the Soledad Brothers and the assassinated youth Clarence Jackson. The release ended with the militant slogans: "DARE TO STRUGGLE, DARE TO WIN! COMBAT THIS GROWING FASCISM! PEOPLE OF THE WORLD, UNITE AND DEFEAT U.S. IMPERIALISM AND ALL ITS RUNNING DOGS! PEOPLE OF THE WORLD, BE COURAGEOUS, DARE TO FIGHT... DEFEAT REAGANISM AND ADVANCE WAVE UPON WAVE! THE WHOLE WORLD WILL BELONG TO THE PEOPLE. MONSTERS OF ALL KINDS WILL BE DESTROYED!"

The four comrades were arrested N.v. 5 in the Des Moines court, after Comrade Charles Knox spit in the face of the racist judge. This revolutionary act brought on an onslaught from the fascist police, who attacked Charles and his close comrades. The youths battled bravely.

The Black Revolutionary Communist Youth have called forward to take up the call of the American Communist Workers Movement (Marxist-Leninist) to disseminate Mao Tse Tung Thought on a wide scale in order to "WAGE WAR OF ANNIHILATION ON THE CULTURAL FRONT" and wipe out all ideas of submission to fascism from the minds of the people. They have followed the call to wage uncompromising struggle in the fascist courts and jails and have advanced the resistance movement with their bold attacks on the lackey judges of Des Moines. On Oct. 21, Comrade Clive DePatten vigorously denounced the fascist judge in Nevada, Iowa, where he and Comrade Steven Greene were arrested for selling PEOPLE'S AMERICA DAILY NEWS. When Comrade Clive was dragged out of the court room, Comrade Steve rushed the fascist judge and scared him so much that he scurried back into his chambers.

After years of slimy revisionists posing as "communists while groveling in front of the bourgeoisie, the masses are well aware that all who call themselves revolutionary are not necessarily so. Therefore it is necessary for the genuine followers of Mao Tse Tung Thought, the Marxism-Leninism of our era, to stand up boldly and fight. Only when the people see this unbreakable unity of theory and practice, when the revolutionary theory of the international proletariat is applied in the spirit of uncompromising resistance, will the people give wholehearted support to communist leadership. Only then will the initiative of the masses be released to make revolution.

TORONTO MASS DEMOCRACY (Cont. from pg. 1)

Another attempt left to stop the sellers was met with the broad masses pounding on the police cars and demanding that the fascists stop their harassment.

For the next few hours the revolutionary enthusiasm of the people was high and large numbers of PCND reached the masses. "It is good to stand up and fight!" "These are real revolutionaries!" the people announced and, seeing the shotgun the Toronto police now carry in their cars at all times they cursed, "The murdering bastards! One of these days they'll shoot at the communists and the communist will then shoot back!"

On November 23rd the lackey courts found two sellers guilty of "causing a disturbance" and imposed a 10 day sentence or \$50.00 fine. The trial of Field, the third seller charged with "causing a disturbance, assaulting police and assault with a dangerous weapon" will be held December 5th. "The police are paper tigers! The bourgeoisie is a paper tiger! It is us, the people, that are really strong!" This is the sentiment of the Bloor and Bathurst people and revolutionary fighters.

NIXON ASKS FOR ADDITIONAL "FOREIGN AID" FUNDS FOR EXPANDING WARS OF AGGRESSION

Peking, November 22 (Hsinhua) -- U.S. imperialist chief of state Nixon in a "special message" to congress on November 18 requested huge additional "foreign aid" funds to give financial support to and boost the morale of Israeli Zionism, the Chiang Kai-shek bandit gang, the Nguyen Van Thieu-Nguyen Cao Ky puppet clique of south Viet Nam, the Lon Nol clique of Cambodia and the Pak Jung Hi clique of south Korea in a plot to expand the wars of aggression, according to Washington reports.

The additional "foreign aid" budget requested for the fiscal year 1971 totalled 1,035 million dollars, which means an about 50 per cent increase of the 2,200 million-dollar "foreign aid" budget Nixon submitted at the beginning of this year. Most of the additional funds are for military aid.

About a half of the additional budget, 500 million dollars, will be given to the Israeli Zionists, and 30 million dollars to the Jordanian reactionaries. Nixon stated bluntly that the additional aid to Israel was aimed at assisting "Israel in the financing of purchases of equipment that have been necessary to maintain her defense capability", while the additional aid to the Jordanian reactionaries was made because they had demonstrated their "determination and capacity to resist aggression by forces which oppose a peace settlement and threaten to weaken the stability of the country." The so-called maintenance of "defense capability" uttered by Nixon is precisely an expansion of the aggressive strength of Israel, and what he meant by "resisting aggression" is a U.S. imperialist attempt to further instigate the Jordanian reactionaries to launch new military attacks on the Palestinian

and other Arab peoples. This further proves that U.S. imperialism is the sworn enemy of the Arab and Palestinian peoples.

Nixon emphasized that the Lon Nol clique "needs have been urgent" and that it was essential to provide "resources which are critically needed to enable it to continue to defend itself." He asked for 155 million dollars to be given to the Lon Nol clique, and for 100 million dollars to be given to the Chiang bandit gang and others so as to "restore" to them the "aid" funds which had been used for urgent need when U.S. imperialism sent troops to invade Cambodia. These two funds totalled 255 million dollars. In addition 65 million dollars will be given to the south Vietnamese puppet clique. All this shows that far from backing out of Indo-China, U.S. imperialism has deliberately mustered its running dogs to step up its war of aggression there. U.S. imperialism's flagrant resumption of bombing of north Viet Nam has given added proof to this.

Nixon asked that the Pak Jung Hi puppet clique of south Korea be given 150 million dollars. To step up the arming of the south Korean puppet troops so as to conduct new military aggressive activities against the Democratic People's Republic of Korea, he declared the need to transfer to the Pak Jung Hi clique large quantities of equipment now being used by the U.S. imperialist aggressor troops in south Korea.

Nixon's additional "foreign aid" budget was put forward at a time when U.S. imperialism is in deep economic crisis and serious financial difficulties. As a result of foreign expansion and aggression, U.S. imperialism is plagued by

grave inflation, soaring prices, reduced production and increasing financial deficits year after year. "The balanced budget" as boasted by Nixon has already proved to be a soap bubble. U.S. official circles revealed that the budget deficits for the first three months of fiscal 1971 -- July, August and September -- have reached 7,700 million dollars, or nearly 200 per cent more than the deficit of 2,900 million dollars for the whole of fiscal 1970. By adding huge "foreign aid" funds to the enormous budget deficits, Nixon will only further aggravated the U.S. financial and economic crises. This exposes once again U.S. imperialism's paper-tiger nature of being outwardly strong and inwardly feeble.

Under the extremely difficult financial and economic situation of U.S. imperialism, Nixon asked for large amount of additional "foreign aid" funds. This shows the dilemma of U.S. imperialism in its counter-revolutionary activities. Under the mounting revolutionary armed struggle of the people of various countries against U.S. imperialism and its running dogs, the regimes of some of the running dogs are in a shaky position. To leave them alone will mean the loss of its own aggressive position; while to increase the aid to them can by no means save them from their inevitable doom, but on the contrary, will only have U.S. imperialism bogged down still more deeply in these areas, tying it and its running dogs together so that none of them can escape the hammer blow of the people's revolutionary struggle in various countries.

HIGH SCHOOL STUDENTS RISE AGAINST RACIAL DISCRIMINATION AND VIOLENT REPRESSION

Providence, R.I., Dec. 1 - An uprising of angry Black and white high school students against racial discrimination and violent repression here recently has once again thrown the local reactionaries into frenzied fear of the people. Infuriated by segregated seating in a local movie theatre, many young Afro-Americans stormed the stage and tore down the movie screen in militant protest against this outrage. When the police were called in to preserve the "orderly" policy of racial discrimination by using fascist violence, they met with fierce resistance from the young Afro-Americans. The tremendous fight that broke out spread over several downtown blocks. Thoroughly frightened, the local reactionary authorities closed several high schools the next

day, imposed heavy fascist repression on the Black community and began doing frantic propaganda that they were only trying to prevent "race riots", and protect the "people" from "hoodlums and extortionists".

This fascist policy of anti-people lies, however, fooled no one since it is well known that the sole reason for closing the schools was to prevent the further development of unity between the Black students and their white schoolmates. Last May Black and white students at Hope High School waged a militant united struggle against the racist curriculum and against several racist instructors, defying the threats of the fascist police who have a substitution right in the school building! This earlier struggle

forged unbreakable ties of unity between the Black and white students. They subsequently held a protest rally at the State House. Showing great impudence, the fascist lackey police arrested a student leader who had just announced a rally and demonstration against the police. Enraged at this blatant attack on their democratic rights and determined not to be intimidated, the hundreds of people who had gathered at the State House immediately marched to the police substitution where the young student was being held. All along the route the broad masses cheered support from the sidewalks and office windows, and many people joined the demonstration on the way. At the police station the angry people threatened to storm the jail and forcibly release their comrade. The fascist police, encircled, desperately formed a circle around the jail to protect it. One lackey was hit so hard by an angry demonstrator that he was sent flying.

Using this series of youth and student rebellions as a pretext, the bourgeois authorities in Providence are hoping to create public opinion that "race riots" and "disorder" are the main problem facing the American people. They want to use this cover up their consistent policy of consolidating fascism. However, the leading examples of united struggle given by the Black and white students are sure to inspire the broad masses of working and oppressed people in Providence to overcome these obstacles and wage the anti-fascist revolution.

have no choice but to fight", many said.

One worker commented that he knew the communists must be correct as the bosses at Ford were very upset at the number of newspapers sold every day and at the avid discussions the workers hold on each issue. Another worker enthusiastically said that he himself had just gotten out of jail for assaulting a police officer. A fruit vendor related how he had been very badly beaten in the jails one time. He said to Comrade Sarah, "The police have been running roughshod over us too long. We have no choice but to use violence to oppose them."

A Black worker who works with the Black Panthers was very enthusiastic to hear that many prisoners were singing revolutionary songs in jail. He pointed out that

the prisoners have deep hatred for fascists and agreed that the only correct thing for a revolutionary to do is to go completely against the line of playing it cool in the jails and instead take the line of organizing anti-fascist struggle there.

The line of uncompromising struggle in the courts and jails is based on the truth that the monopoly capitalists are strong in the short-run but weak in the long-run because the people are against them. Therefore, to arouse and organize the people it is necessary for the communists to take the unflinching stand of self-sacrifice, smash the bluster of the reactionaries and fire the people with the conviction that America belongs to the people and not to the monopoly capitalists.

CHINESE VICE-PREMIER LI HSIEN-NIEN'S SPEECH

Peking, November 27 (Hsinhua) -- Following is the full text of the speech delivered by Vice-premier Li Hsien-nien at today's Peking rally celebrating the 26th anniversary of the liberation of Albania:

Dear Comrade Ambassador Xhorzhi Robo, Dear Albanian Comrades and Comrades-in-Arms, Dear Comrades,

Filled with profound fraternal feelings, we people in the Chinese capital gather today with ceremony and, together with the Albanian comrades-in-arms, joyously celebrate the 26th anniversary of the liberation of Albania. I avail myself of this opportunity, on behalf of the Chinese Communist Party and the Chinese government and people, to extend the warmest festival greetings to the Albanian Party of Labour headed by the Albanian people's great leader Comrade Enver Hoxha, the government of the People's Republic of Albania and the fraternal Albanian people.

The Albanian people are a heroic people with a glorious revolutionary tradition. 26 years ago, under the leadership of the Albanian Party of Labour, the Albanian people waged valiant and tenacious armed struggle, finally defeated the barbarous Italian-German fascist gangsters, liberated their motherland and established the dictatorship of the proletariat, thus opening a new chapter in the history of Albania. This great victory in the Albanian people's revolution was a great contribution to the world's anti-fascist war, and set a brilliant example of a small nation defeating a big and a weak nation defeating a strong one.

In the 26 years since liberation, the Albanian people have valiantly advanced on the broad road of revolution and traversed a brilliant fighting course. The Albanian Party of Labour and the Albanian people have all along held aloft the militant banner of opposing imperialism and revisionism, feared no brute force and waged an unyielding struggle against U.S. imperialism, social-imperialism and the reactionaries of various countries, giving powerful support to the revolutionary struggle of the people of various countries and making outstanding contributions to the revolutionary cause of the people of the world.

Under the correct leadership of the Albanian Party of Labour headed by Comrade Enver Hoxha, the Albanian people have adhered to the revolutionary line of Marxism-Leninism, persevered in the socialist revolution, built socialism through self-reliance and hard work, frustrated all kinds of conspiracy and sabotage by the class enemies both at home and abroad and made tremendous achievements in all fields. Albania has now undergone earth-shaking changes. A once poor and backward mountain country in Europe, Albania has become an advanced and staunch fortress of socialism.

The Albanian Party of Labour headed by the great Marxist-Leninist Comrade Enver Hoxha, displaying the spirit of continued revolution, has led the Albanian people in a vigorous revolutionization movement, further consolidating the dictatorship of the proletariat in Albania.

greatly raising the people's ideological consciousness and powerfully propelling socialist construction forward. Rallying still more closely round the party of labor headed by Comrade Enver Hoxha, the Albanian people have strived over the past year to successfully fulfill and overfulfill the fourth five-year plan and usher in the fifth five-year plan by working with soaring revolutionary enthusiasm, relying on their own efforts, making full use of existing resources and simple equipment and tapping internal potentials. There have been frequent reports of successes in the country of the mountain eagle. The Albanian people successfully fulfilled the industrial production tasks set for the fourth five-year plan six months ahead of schedule, realized the resolution of the Fourth Plenary Session of the Party Central Committee on rural electrification throughout the country 13 months ahead of time, and achieved fruitful results in the nation-wide shock work activities. Not long ago, election of the Seventh People's Assembly was held in Albania with ceremony. Its successful conclusion fully shows the steel-like unity between the Albanian Party of Labour and the Albanian people. In the international arena, Albania has also won new victories in the struggle against imperialism and revisionism, and her international prestige has been further enhanced. She has established diplomatic relations with six more countries this year. This is a great victory for Albania's foreign policy. As our respected comrades-in-arms of the Albanian people, we are exceedingly joyous at your tremendous achievements in the socialist revolution and socialist construction and international class struggle, and heartily wish you new and greater successes.

Comrades and Comrades-in-Arms,

Not long ago, we joyously celebrated the 21st anniversary of the founding of the People's Republic of China. For 21 years, the people of our country have advanced with big strides along the course charted by our great leader Chairman Mao and scored great successes on various fronts. The past year was a year in which the Great Proletarian Cultural Revolution continued in depth, and a year in which new victories were won by our country's socialist revolution and socialist construction. The dictatorship of the proletariat in our country is unprecedentedly consolidated. Our socialist motherland is more vigorous than ever. A new upsurge in the holding high the banner of unity and victory of the Ninth Party Congress, the whole party, the whole army and the people of the whole country are now rally still more closely round the Party Central Committee with Chairman Mao as its leader and Vice-Chairman Lin as its deputy leader. In warm response to the calls of the second plenary session of the Party's Ninth Central Committee, they have launched a mass movement for the living study and application of Chairman Mao's philosophic works and continued to deepen revolutionary mass criticism; they

"carry out the tasks of struggle-criticism-transformation conscientiously," "grasp revolution, promote production and other work and preparedness against war", and strive to fulfill or overfulfill the national economic plan for 1970 and the third five-year plan, so as to greet the convocation of the Fourth National People's Congress with new and greater victories.

economic plan for 1970 and the third five-year plan, so as to greet the convocation of the Fourth National People's Congress with new and greater victories.

Comrades and Comrades-in-Arms, The revolutionary friendship and militant unity between the peoples of China and Albania are personally founded by the Chinese people's great leader Chairman Mao and the Albanian people's great leader Comrade Enver Hoxha on the basis of Marxism-Leninism and proletarian internationalism, and are eternal and unbreakable. Chairman Mao says: "The revolutionary friendship between our party, government and peoples of China and Albania has stood the test of fierce international class struggles. The power generated by this friendship is inexhaustible and truly invincible." Comrade Enver Hoxha says: "The fraternal nonolithic friendship between our party, government and people on the one hand and the Chinese Communist Party, the Chinese government and people on the other will be evergreen."

The 700 million Chinese people will cherish this revolutionary friendship and militant unity as their cherish their own eyes. The present international situation is excellent. The struggle waged by the peoples of the world against the U.S. aggressors and all their running dogs is in full swing. Let us, the two parties, two countries and two peoples of China and Albania, unite still more closely, further strengthen our militant unity with the proletariat, the oppressed people and oppressed nations all over the world and carry through to the end the struggle against imperialism, revisionism and all reactionaries. Victory will be ours!

Long live the revolutionary friendship and militant unity between the two parties and two peoples of China and Albania!

Long live the glorious Albanian Party of Labour!

Long live Comrade Enver Hoxha, the great leader of the Albanian people and the closest friend of the Chinese people!

Long live the Chinese people's great leader Chairman Mao!

ALBANIAN AMBASSADOR XORXHI ROBO'S SPEECH

Peking, Nov. 27, (Hsinhua) -- Following is the full text of the speech made by Xorxhi Robo, Albanian ambassador to China, at the Peking rally celebrating the 26th anniversary of the liberation of Albania:

Dear Comrade Chou En-Lai, Dear Comrades of the Political Bureau of the Central Committee of the Communist Party of China, Dear Comrades and dear Comrades-in-Arms,

We express to you our heartfelt thanks for holding this rally of friendship and unity in celebrating of Albania from the fascist occupation and the establishment of the people's political power.

Please allow me to thank Comrade Li Hsien-nien for his very warm and sincere words concerning the Albanian people, the Albanian Party of Labour and our respected and beloved leader Comrade Enver Hoxha.

The entire Albanian people and the entire Albanian communists, too, cherish very warm and sincere feelings for the great and heroic Chinese people, the glorious Communist Party of China and Comrade Mao Tsetung, the great leader, the great Marxist-Leninist, the closest and the most respected and beloved friend of the Albanian people.

During the war of national liberation, the Albanian people, under the leadership of the Albanian Communist Party (the present Party of Labour) and its founder Comrade Enver Hoxha, rose in close unity and perseverant and thoroughgoing and uncompromising struggles against the Italian and German occupiers and the cruel and ruthless regime of the exploiting classes at home and established a new political power of the proletariat on the debris of the old system.

The establishment of the people's political power throughout the country on Nov. 29, 1944 was the greatest historic victory won by our people, because they have since enjoyed permanent and free freedom and national independence. Since then our

country has traversed with firm steps on the road of socialist revolution and socialist construction for 26 years. Albania is doing tremendous work in revolutionizing life and bringing up socialist new people. The measures of revolutionization aim at blocking politically, ideologically, economically and organizationally all the channels that may possibly lead to revisionism and capitalist restoration. Proceeding from the principle that a sharp struggle must be waged against the revisionist, bourgeois and petty bourgeois views and ideologies in building socialism and bringing up new people, the Albanian Party of Labour is waging constant struggles against these views and ideologies so as to help the people establish new views and ideology.

The revolutionary measures of putting proletarian politics to the fore, opposing manifestations of bureaucracy, economism, purely technical views and the theory that knowledge decides everything, putting collective interests above personal interests, opposing bourgeois and revisionist thinking, bringing about complete emancipation of women, other revolutionary measures have further heightened the class consciousness of our laboring people and stepped up the development of production.

In order to revolutionize education, we have taken important measures. Beginning this year, a new educational system has been introduced for the purpose of training, in schools of our country successors to the revolution and to the building of socialism and communism.

In accordance with Comrade Enver Hoxha's teachings, our country is making great efforts to strengthen the role and heighten the sense of responsibility of the working class as the class in power and the leading class. The working class is playing the leading role in all aspects of national life and it should supervise over everyone and everything.

Long live the heroic Albanian people!

Long live the glorious Albanian Party of Labour!

Long live Comrade Enver Hoxha, the great leader of the Albanian people and the closest friend of the Chinese people!

Long live the Chinese people's great leader Chairman Mao!
