MEMORANDUM TO THE SUMMIT CONFERENCE

COMMITTEE

THE PRIME MINISTER DR. KENNETH KAUNDA

May peace, convenience, sympathy, mercy and grace prevail as ever in your mind as one the greatest Leaders in Africa.

You are only the great man (second Moses) of Central Africa God has give us for this 20th Century to liberate the remaining troubled Colonies of Africa.

Angola is the only most unfortunate Colony that ~~was~~ suffers most in the whole of Africa from the Colonial decay of the Portuguese. Angola's Sons and Daughters of the Soil are being sunk down by the Portuguese Colonial Perpetrators of the Savage and Cruel Dictator Salazar. We are definitely sure that after a month or so, Angola will be a man made desert. It will be a blank country without people living therein. All will have been killed by Portuguese.

We therefore, dear Sir, humbly ask for your sympathy and, merciful consideration ~~was~~ on us, the dying people of Angola. For we know very well ~~w~~ that with your help and your blessed word to the other wise Leaders you will meet in Cairo, things won't be difficult on us, and it cannot take very long before the cruel beast, Salazar is defeated.

Let God not blem the Wise Leaders of African States for being silent on the Angolan Affairs. For we, the people of this country, are undergoing a very critical and crucial time in this land of our birth, and destiny.

How many people will have to be found alive in Angola after, say a month as we are being killed in abundance like this every day? Already ever 200.000 people have been ~~w~~ killed in Angola in a very shortest time, as from 1961 to now.

Since 1482 the year Portuguese people entered Angola and have lived there for almost 500 years, nothing at all has been done for to improve the Country or the African Population. Instead of improving both of these things, as the case is for good Nations in other Colonies, Portuguese people have made practically nothing good for the Country, besides killings and rapacious actions which they think are quite beneficial.

When they entered Angola, they found a population of more than 14 million people but now only 3 1/2 million people left and they are still being killed. Women and little girls are raped. Prisoners are given poisoned food. All these are done to eliminate the African population. What ungodly people of the European race they are in this part of Africa.

Not even right is reserved for the poor African in Angola. Africans are made to work for no penny, at all, but the taxation in this Country is more heavier than the weight of the bearer.

Let God Bless the Country of Africa! The people of Angola have never at all committed any crime against the Portuguese or Portugal, for which our Country may suffer their retaliation. What a great loss of population Angola has experienced!

In this Memorandum, we people of Angola living in Zambia would therefore like to returned all the Wise Leaders of our Mighty Continent of Africa ~~know~~ that the situation in Angola is very detrimental. Angola is completely devastated by Colonial Imperialists.

Our surprise is this that Angolan Affairs are not widely discussed at the United Nations. Our struggle for the Freedom of Angola is not yet ever. We therefore are appealing to the Conference, to which all the Leaders of the Independent States have ganted to give us hand in the struggle for this Country

As stated above Angola is one of the first countries to be under Colonial Rule but nothing much done to improved it. We very well see it and say that this country (Angola) was very unfortunate to be ruled by such a poorest Nation of Western Europe. Irsome, helpless and brutal Nation.

We people in Angola are deprived of all rights, be it political or social. But no time for social facilities, of course. Political prisionners in Angola are never tried in the Court of Law. The only judgement given to them is shooting, and no more. There are no prisons in Angola. The only prisions there are the graves.

The Portuguese people in Angola have destroyed and are still destroying Innocent, Helpless and Armless people, men and women, old and young for no reason. Did God any mistake to have made Angola part of this Continent of Africa? Never at all. God is ever right in everything.

The whole World won't recognise the Freedom of Africa, should Angola and few others remain in the hands of Colonialism. We therefore ask the Leaders of the African States to make a point that the whole Continent of Africa be liberated and should be Independent by 1965.

We Angolans are scattered to various countries in fear of this fierce of Colonialism. We get it extremely difficult to be in close contact with them in the countries they have run into. We therefore ask the Political Parties in Government to coach them up. For this is the time they should work to liberate their country-Angola.

MAY THE ALHIGHTY GOD BLESS THIS SUMMIT CONFERENCE
