[Letter from the military control committee of the PLA public security organ in Huhehot on counterrevolutionary incidents]

[Text] In recent days a handful of monsters and demons have taken class revenge through various means in Huhehot city. A wave of counterrevolutionary incidents such as murder, rape, arson, graft, embezzlement, speculation, rumorspreading, distribution of reactionary leaflets, and writing and putting up reactionary slogans have occurred. These acts disrupt the security and order of the society, sabotage the great proletarian cultural revolution, and undermine socialist construction.

The revolutionary masses of Huhehot are taking action to resolutely suppress these counterrevolutionary activities of the class enemy. They are displaying the full might of the dictatorship on the masses.

All fighters on the public security front resolutely support this revolutionary action. We intend to hold still higher the great red banner of Mao Tse-tung's thought and with "combat self-interest, repudiate revisionism" as the guiding principle, study and apply Chairman Mao's works in a living manner to stimulate the revolutionization of thinking and firmly preserve high revolutionary vigilance in accordance with the teachings of Chairman Mao that the proletarian dictatorship is a dictatorship of the masses, that class enemies must be kept under close surveillance, and that a dictatorship must be imposed on them.

Under the leadership of the party Central Committee headed by Chairman Mao and the newborn red political power, we are determined to mobilize the masses on an extensive scale and, relying on them, give full play to the might of people's war to resolutely suppress those class enemies who dare to engage in sabotage activities and thoroughly liquidate them to insure the victorious progress of the great proletarian cultural revolution and guarantee the all-round victory in the revolution ideologically, politically, economically, and organizationally.
